

Journal Companion

This is a study through the whole Bible—in chronological order—to help us develop biblical literacy by recognizing the main things. Following the Blue Letter Bible Chronological I Year Reading Plan (also available on YouVersion), you'll read an average of three chapters each day, which will likely take about fifteen to twenty minutes. As you read, consider these questions:

- Who is this Scripture meant for?
- Why was it written?
- What does this text teach me about the nature and character of God?
- How does this text point me to Jesus?
- What other scripture connects to what I'm reading today?

If this is your first time reading the Bible, you won't be able to answer that last question. But this book will help you! No matter how many times we read God's Word, we can always discover something new and life-changing: "For the word of God is alive and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart" (Hebrews 4:12).

After (not before) you've read the daily passages of Scripture, then read the notes here. These readings are meant to be digested over the course of a whole year alongside the Blue Letter Bible reading plan.
